My portfolio

ℹ Looking for Student Position - B.Sc. in Physics, Year 1, Open University, starting 10/2025.

ABOUT ME

One of my defining traits is my strong self learning ability and autodidactic nature.
I take full responsibility to get the job done, including learning and researching new areas as needed.
I am an expert in solving complex problems, I work well, both independently and in a team.

NodeJS • Express • Koa • Django
MongoDB • SQL

EDUCATION

Open University

- B.A. Computer Science courses

HackerU College

- Web and mobile development

SheCodes

Udemy Courses

WORK EXPERIENCE

Aug 2024 to Present • 1 yr 1 mo
Lendlord | Tel Aviv

Full Stack Developer   **Stack: JavaScript, TypeScript, NodeJS, Koa, MongoDB**

I delivered end to end features across both client and server, including a Chrome extension.
I fixed critical production issues, Applied Figma designs, integrated multiple third party APIs
and refactored large code areas to improve stability, performance, and maintainability.

Jun 2024 - Aug 2024 • 3 mos
Juniors for industry project - WeWise | Tel Aviv

Backend Developer   **Stack: JavaScript, NodeJS, Express, MongoDB**

I designed the MongoDB data models and their relationships and built the Express based REST APIs connecting the front
end with the database.
I also integrated third party WhatsApp APIs via webhooks to automate conversations, status updates, and notifications.

2018 - 2024
Levi Oved Building Supplies Store | Givatayim

Store Manager

Experienced store manager skilled in inventory, supplier relations, sales, consulting, customer service,
and marketing.

2016 - 2018
Helicon Books | Herzliya

Android Developer   **Stack: Java, SQL**

As part of my role as a developer, I independently maintained and improved a digital book reading application.
This involved implementing new features, addressing bugs, updating versions, and conducting thorough testing to ensure
optimal performance and user experience.

2013 - 2015
Military Service

Bureau clerk - Air Force

Served senior IDF, handling classified information, managing inquiries, and providing high level service.
Managed public reception, scheduling, and organizational tasks.
